PROFILE

As an aspiring Software Engineer and current student, I am highly skilled in front-end web development and proficient in programming with C++. I have pursued independent learning, obtaining certifications in JavaScript, C++, and SQL. My ultimate goal is to become a proficient Software Engineer, leveraging my creativity to develop high-performing applications that can potentially make a positive impact. With a keen interest in cutting-edge technologies like cloud computing and artificial intelligence, I maintain a balanced lifestyle through hobbies like calisthenics, swimming, and hiking
